

Repeatedly, we are hearing that we live in “unprecedented times.” This means that we are doing things never done or known before.

In order to record this for ourselves Queensbury Academy are setting you a challenge for over the Easter holidays, to create your own time capsule.

A time capsule is a selection of objects and documents chosen for being typical of the present time. These objects are stored or saved in a way that means you can revisit them in the future to get an instant snapshot of what life was like when the time capsule was created.

These can be written documents, photos, objects, newspaper clippings, pictures and drawings, or pretty much anything else you think might give someone in the future and idea of what life is like right now!

You can present your time capsule in a variety of ways such as:

A mixed media collage

A PowerPoint presentation

A collection of things stored in a shoebox

A scrap book

A poster

A video diary or pod-cast

An on line blog

Any other appropriate way you can think of – be creative!

Miss Housden has been going on virtual tours and looking at historic maps of where she lives compared to now.

Go to YouTube and search for “drone footage of___”

Mrs. Cox has created a zoo in her garden!

Mr. Ansell made a rainbow in his window to thank key workers and cheer people up as they went for walks.

The Scouts are running a virtual camp@home The event will run from 1st April – 30th April 2020. You can camp@home by setting up a tent in your house or garden, or building one out of blankets and pillows, and ‘camp out’ for the night!

Has the way you do anything changed? For example are you doing #pewithjoe, or any other on line exercise? Are your music lessons now done over Skype? Have you set up a regular video chat with friends?

WHAT WILL YOU INCLUDE?

UPLOAD YOUR DOCUMENTS OR PHOTOS TO YOUR TEAM BY THE END OF THE EASTER HOLIDAYS!
